

Robot Club Fundraising!

Rock'n'Robots FRC Team 3692

We need to raise money to be able to go to our regionals on the weekend of March 21st to the 23rd. The plan is to go up and return on a bus and then stay near Cellular Arena which is where the regional will be located. Visit

<http://uscellulararena.org/events/669-us-first-2013-wisconsin-regional-robotics-competition> for more details!

Our fundraiser this year will be to sell Kwik Trip Gas cards.

Our **minimum** goal is that each student will sell \$1000 worth of gas cards over 3 months which will raise \$100 for our club.

Cards can be ordered in denominations of \$100, \$50, \$25, \$20, \$10. 10% of all sales are returned to the club by Kwik Trip. It's like free money! Every dollar purchased by families comes back to families; it is really Kwik Trip that will be funding our club.

Our Goal is \$50,000 in sales over the next 3 months. Orders for this month are due on Thursday, January 24th and the cards will be in the families' hands by the following Thursday. All money must be collected before the cards can be ordered.

Thank you in advance for your help. All checks are payable to Rock County Robotics.
